Allowable Subject Matter

1. **Claims 1-11 are allowed.**

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The claims are allowable over the prior art for at least the reason that the prior art fails to teach or to reasonably suggest, with regard to **claims 1-6**, *a method of converting an input beam of non-polarized light into an output beam of polarized light, said method comprising, inter alia, passing said P component light beam through a 1/2 wave retarder, said 1/2 wave retarder being spaced from contact with said polarizing beam splitter; positioning a turning prism in the path of said S component light beam, said turning prism being spaced from contact with said polarizing beam splitter; and totally internally reflecting said P component in said polarizing beam splitter and said S component in said turning prism; and with regard to **claims 7-11**, a non-imaging polarization conversion method comprising, inter alia, positioning a turning prism in the path of said S component light beam, said turning prism being spaced from contact with said polarizing beam splitter; and totally internally reflecting said P component in said polarizing beam splitter and said S component in said turning prism, as set forth in the claimed combination.*

3. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
